Learn About Diesel Engine Troubleshooting, May 14, 16 and 18 in Port Hadlock

Washington Sea Grant, Jefferson Education Center, WSU Jefferson County Extension and the Northwest School of Wooden Boatbuilding are co-sponsoring a three-evening Diesel Engine Troubleshooting and Preventative Maintenance Workshop, May 14, 16 and 18 in Port Hadlock.

Designed for commercial and recreational vessel owners and operators, the workshop will be held 6:30-9:30 p.m. at the Northwest School of Wooden Boatbuilding, 42 North Water Street, Port Hadlock.

The workshop will concentrate on high-impact troubleshooting and focus on electrical, fuel, cooling and exhaust systems, plus lubrication systems and oil analysis.

The fee for the seminar is \$60. Space is limited, so pre-registration is advised.

To register or for more information, contact Sarah Fisken, Continuing Education Coordinator, Washington Sea Grant, 206-543-1225, or sfisken@u.washington.edu.

Washington Sea Grant, part of the University of Washington's College of Ocean and Fishery Sciences, funds marine research and works with communities and businesses to manage and protect marine resources.
