Washington Sea Grant Offers Marine Electrical Wiring Workshop

Washington Sea Grant and Port of Seattle/Fishermen's Terminal are cosponsoring a Marine Electrical Wiring Workshop for commercial fishermen and recreational boaters.

Designed for boat owners who want to upgrade their electrical systems, the workshop is scheduled for Saturday, Feb. 21, 9 a.m.-5 p.m., in the Nordby Conference Room, Nordby Building, Fishermen's Terminal, 3919 18th Ave. W., Seattle.

Topics covered include American Boat and Yacht Council standards for safest wiring, wire size selection, circuit breaker and fuse ratings, cable routing and labeling, shore power circuits, battery charging circuits, corrosion protection circuits, engine instrument systems, and troubleshooting.

The fee for the workshop is \$80. Space is limited, so pre-registration is advised. For more information or to register, contact Sarah Fisken, Washington Sea Grant Continuing Education Coordinator, at 206-543-1225.

Washington Sea Grant, part of the University of Washington's College of Ocean and Fishery Sciences, funds marine research and works with communities and businesses to manage and protect marine resources.
